PRODUCT MANUAL »

Company Profile

QINGYUAN LATOP FINE CHEMICALS LIMITED (Predecessor : Guangzhou Yac industry Limited) was founded in 2007 specializing in researching and marketing of aerosol products, daily use chemicals and fine chemical products. Annual turnover in 2013 was over \$28,000,000 and increased to \$32, 000,000 in 2014.

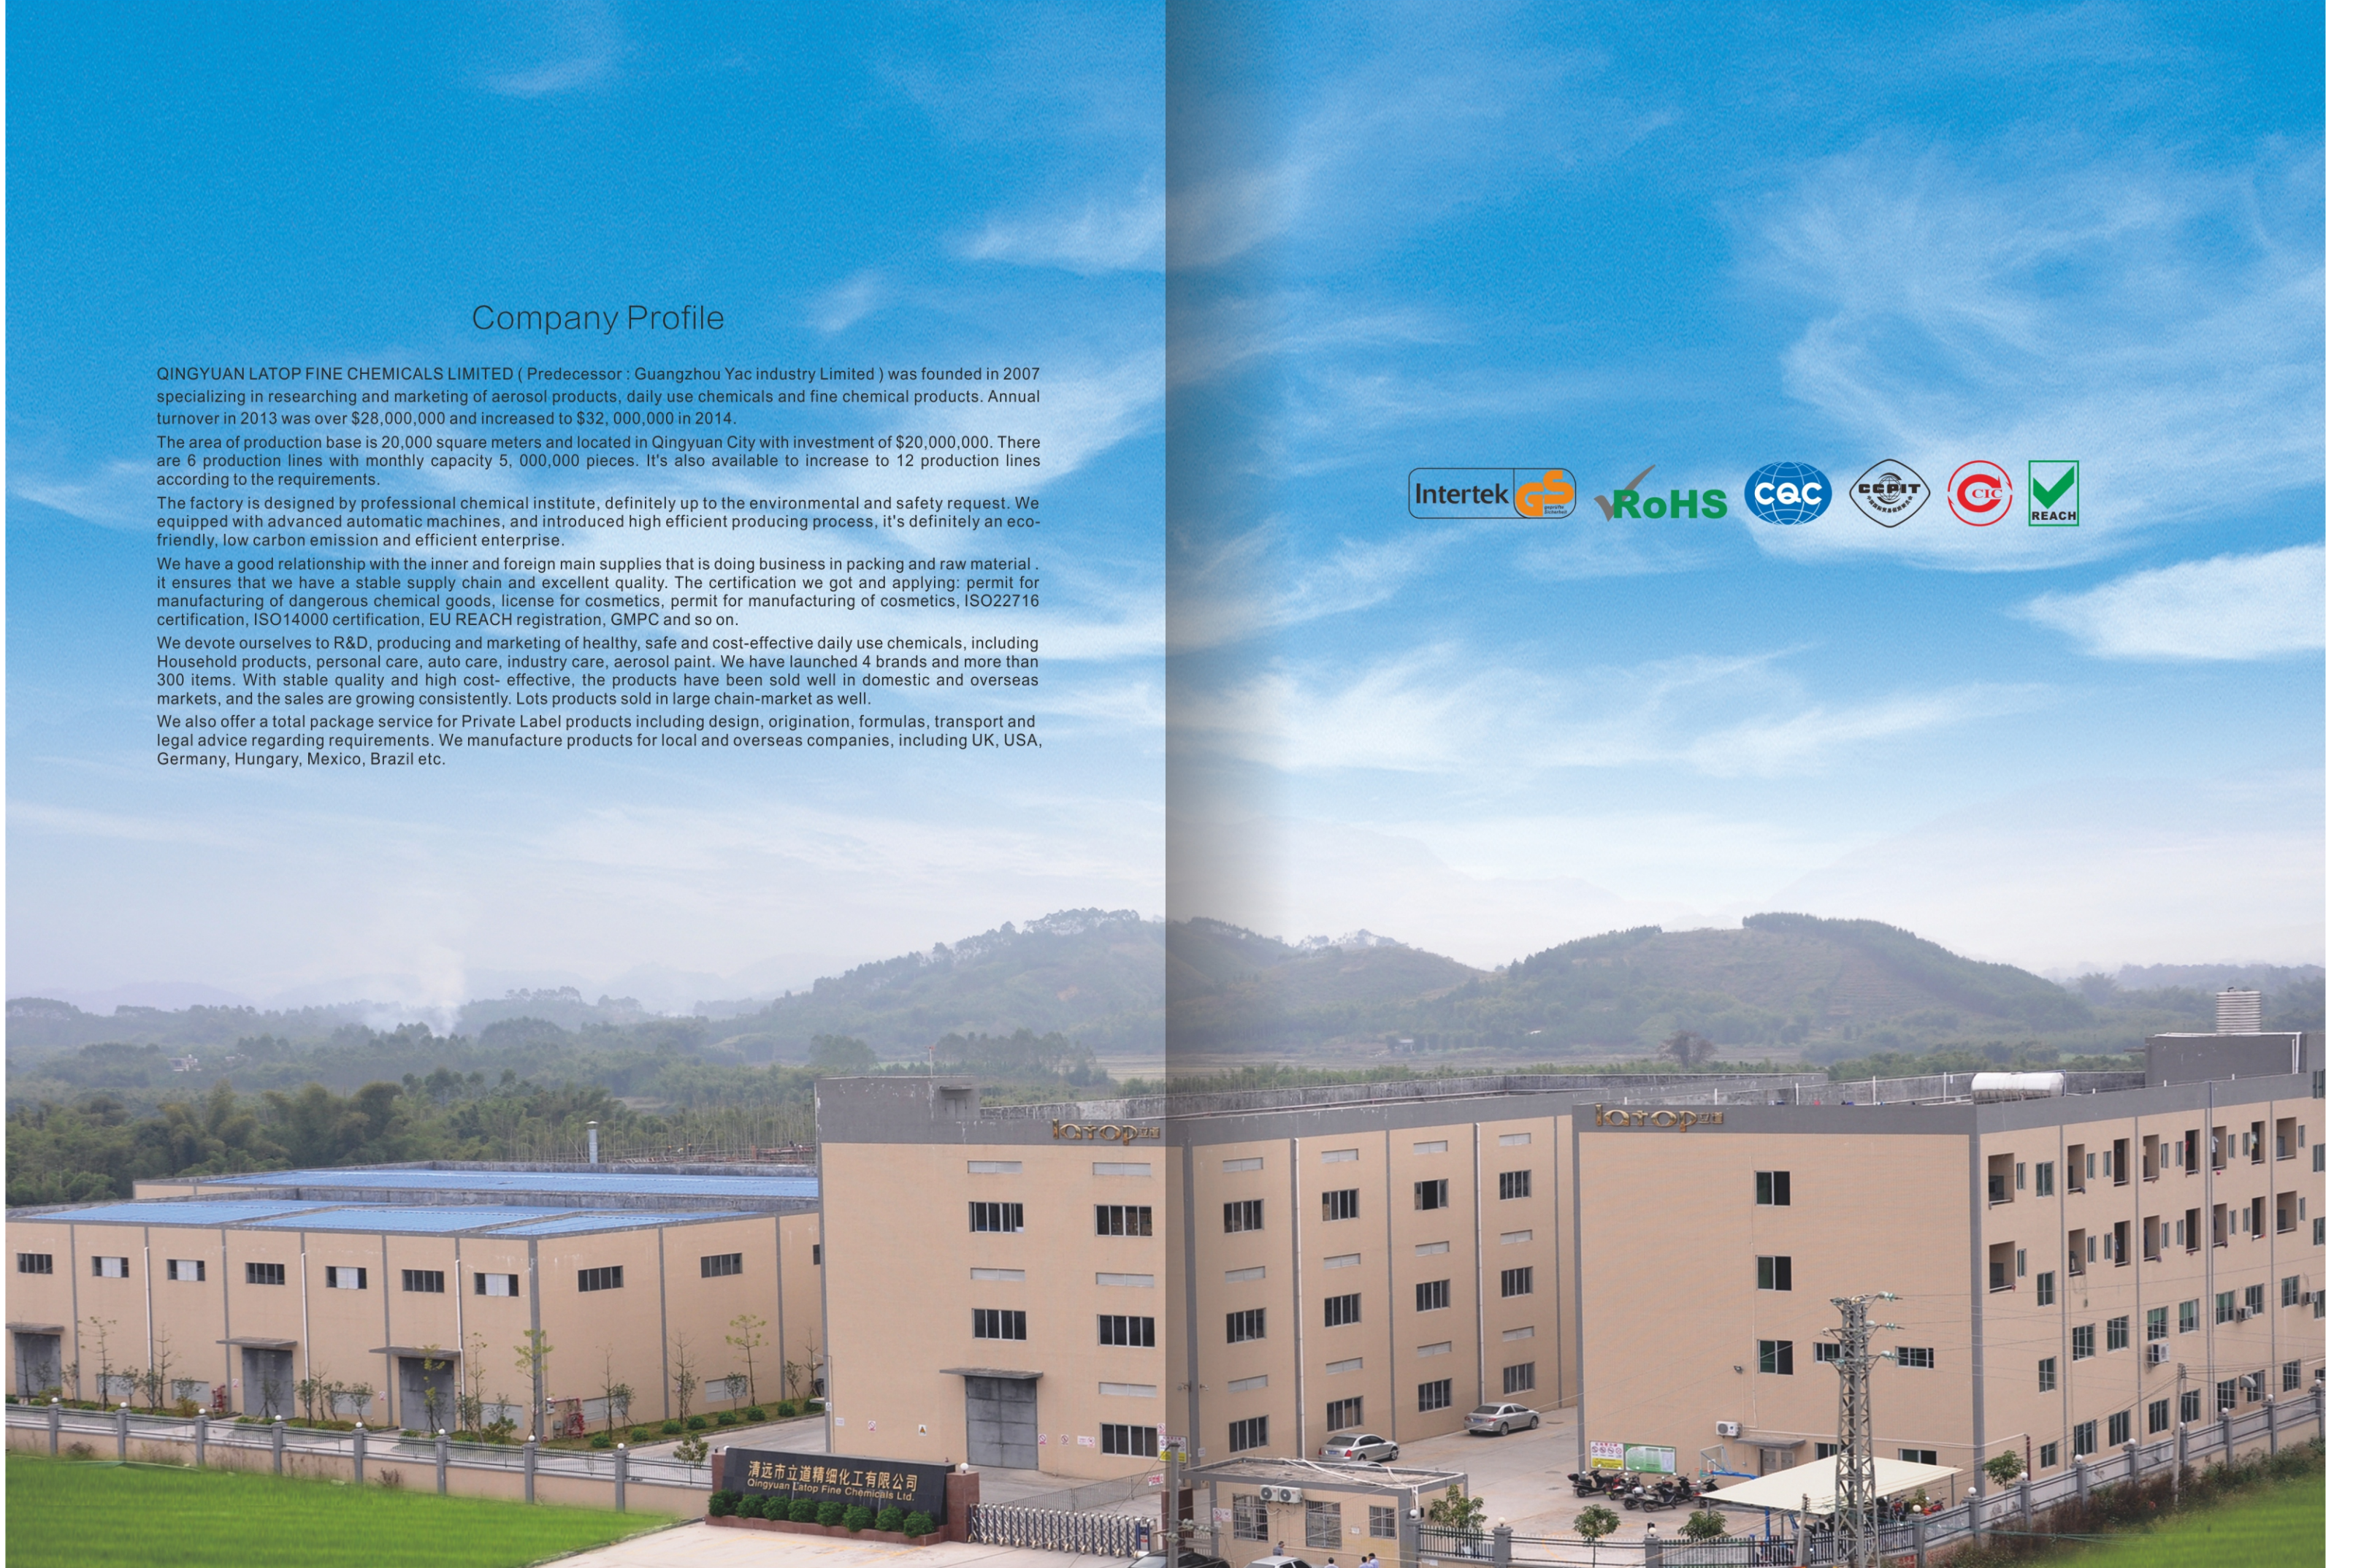

The area of production base is 20,000 square meters and located in Qingyuan City with investment of \$20,000,000. There are 6 production lines with monthly capacity 5, 000,000 pieces. It's also available to increase to 12 production lines according to the requirements.

The factory is designed by professional chemical institute, definitely up to the environmental and safety request. We equipped with advanced automatic machines, and introduced high efficient producing process, it's definitely an eco-friendly, low carbon emission and efficient enterprise.

We have a good relationship with the inner and foreign main supplies that is doing business in packing and raw material . it ensures that we have a stable supply chain and excellent quality. The certification we got and applying: permit for manufacturing of dangerous chemical goods, license for cosmetics, permit for manufacturing of cosmetics, ISO22716 certification, ISO14000 certification, EU REACH registration, GMPC and so on.

We devote ourselves to R&D, producing and marketing of healthy, safe and cost-effective daily use chemicals, including Household products, personal care, auto care, industry care, aerosol paint. We have launched 4 brands and more than 300 items. With stable quality and high cost- effective, the products have been sold well in domestic and overseas markets, and the sales are growing consistently. Lots products sold in large chain-market as well.

We also offer a total package service for Private Label products including design, origination, formulas, transport and legal advice regarding requirements. We manufacture products for local and overseas companies, including UK, USA, Germany, Hungary, Mexico, Brazil etc.

Welcome to the era of car DIY decoration!

RUBBER PAINT SPRAY

Multiple Colors Are Available

Save you out of emergency!

Non-flammable Tire Sealer And Inflator

It also has the function as a Small fire Extinguisher

Tire Sealer And Inflator

Tire Sealant

Fill in advance / automatically fix tire / prevent Blowout/safe and sound

L5501

Coating Wax

- ◆latest technology developed from the curing transparent fibers enclosed coating composition, Forming a hard protective film for cars
 - ◆super waterproof, antifouling, defend acid rain, Snow erosion and the strong sun's ultraviolet light
 - ◆up to 90 days of multiple protection
 - ◆support filling small scratch
 - ◆costumed color is accepted
- Pack Specification:280gX24pcs

L1121

Hard Wax

- ◆Adopts advanced formula from Germany and is produced from imported Brazilian carnauba wax, special quality paraffin wax and nano-materials.
 - ◆It forms a strong wax film of certain mechanicals strength on the car body (temperature: 0°C, tensile speed:350mm/min, and tensile strength:300N/cm)
 - ◆Prevent vehicle paint from harmful scratching, acid rain, ultraviolet light proof and ant-contamination.
- Pack Specification:280gX24pcs

L1120

Supper Soft Wax

- ◆cleans and beautifies automotive finished quickly
 - ◆easy to use, polishing with gently wiping
 - ◆Resists breakdown from acid rain and ultraviolet light, prevent coating deterioration
 - ◆Reappear gleaming luster of the surface.
- Pack Specification:260gX24pcs

Car Paintwork Care

Car Wax Cleaner

L1171

- ◆Contains hardening, waxing and polymer.
 - ◆Applying with powerful effect in removing dirt, repairs the coating cracks and enables the coating to recover high gloss.
 - ◆Preventing coating aging, cracking and erosion.
 - ◆Waterproof function under any environment.
- Pack Specification: 500mlX24pcs

Orange Car Wash Shampoo & Wax

L1172

- ◆Unique orange fragrance, High concentrated dose, gently to hands
 - ◆removes dirt & dust powerfully to restore original shiny colors of car
 - ◆environmental recipe, no pollution
- Pack Specification: 1000mlX24pcs

Car Wax Polish & Wax

L1170

- ◆Form hard coated wax layer on the coating
 - ◆Reliably protect the car for long time with the functions of improving the color, resisting abrasion and anti-oxidation.
 - ◆Persistent brighten up of coating
- Pack Specification: 500mlX24pcs

Scratch Wax

L1191

- ◆Scratch wax (super duty & microfinishing) suit for car motorcycle, furniture, glass, plastics and plating surface.
 - ◆Repair the scratch, polishing and protect function.
 - ◆Remove oxidated layer of car and repair the scratch of the car, then keep the car shining all the time.
- Pack Specification: 100mlX24pcs

Wax Dissolvent

L1146

- ◆International advanced technology and imported materials to improve the demulsibility
 - ◆Clean up wax quickly and safely to be convenient for following polish or glazed process
 - ◆Convenient for late polishing or glazing
 - ◆No harm to coating
- Pack Specification:450mlX12pcs

Sticker Remover

L1134

- ◆Applicable to removing sticker/glue residue on car body, most rubber, plastic, coatings, stainless steel, alloys and protective film on decorating materials.
 - ◆Environment friendly, contains no toxic solvent, no pollution, not harmful for skin.
- Pack Specification:450mlX12pcs

Pitch Cleaner

L2216

- ◆Effectively and promptly permeate and clear away asphalt, grease and smudges on metals, wheels and coating
 - ◆Without any damage to paints and glass
 - ◆applies to all seamless harm surface like metal, car paint, plastic, glass.
- Pack Specification:450mlX12pcs

Air Freshener

Season Care

L8002

L8003

Air Freshener

- ◆Removes bad odors from the air and refresh air
 - ◆Suitable to be use all indoor areas, like home, car, office, closet, hotel, restaurant, kitchen and so on.
 - ◆Full range fragrances for choose
- Pack Specification:300mlX12pcs

Fresh Can

- ◆Removes bad odors from the air and refresh air
 - ◆Suitable to be use all indoor areas, like home, car, office, closet, hotel, restaurant, kitchen and so on.
 - ◆Full range fragrances for choose
 - ◆Fragrance long last from 60 days to 180 days according to customer's needs.
- Pack Specification:48 PCS/ CTN

Refrigerant-R134A

L1130

- ◆Refrigerant-R134A is a highly effective refrigerant with purity of 99.7%, which will provide excellent frigorific ability for vehicle.
 - ◆It is a new generation of environmental friendly refrigerant with no negative effective to ozone-sphere.
- Pack Specification:250gX30pcs

De-icer

L1114

- ◆Clear frost and ice on windscreens, car windows, mirrors and locks, free to drive in severe weather conditions.
 - ◆High effectively break down the ice in short time
 - ◆Clean and clear view ensures driving security.
 - ◆Offer customized freezing point needs regard different area
- Pack Specification:450mlX12pcs

Air Conditioner Cleaner

L1136

- ◆Applying advanced technology, the combination of CIBA HP100 toxic free antibacterial agent. It adopts an environmentally protective formula and natural material.
 - ◆Applied for the auto air conditioner cleaning job without removing it.
 - ◆Eliminate bacteria and odor effectively
 - ◆Harmless to human body
- Pack Specification:500mlX12pcs

Air Condition Freshener

L1147

- ◆Eliminates dirt, pollen, mould, bacteria, and odor in air condition
 - ◆It aids in the prevention of dust, dirt and solids that build up and on the cooling coils.
 - ◆Non-toxic, non-pungent for skin and people's health.
- Pack Specification:300mlX24pcs

Glass cleaner

Glass cleaner

latop 立得

Glass Without Using Latop Glass Cleaner

looks like This!

Glass Cleaner

L1117

- ◆ Contains strong decontamination factor and active foam.
 - ◆ Strong decontamination and deep layer cleaning functions to eliminate any dirt absolutely,
 - ◆ Rich foam and stimulate odor, refresh glass totally.
- Pack Specification: 450mlX12pcs

Concentrated Windshield Cleaner

L5512

- ◆ High concentration ratio
 - ◆ effectively remove oil, dirt, insect track and dust from windshield, Clear driving view
 - ◆ Effectively prevent water marks and oil in rainy weather, thus improving driving safety.
- Pack Specification: 60mlX12pcs

Antifreezing Concentrated Windshield Cleaner

L1189

- ◆ High concentration ratio, strong anti-freeze, Available at minimum -60 °C.
 - ◆ effectively remove oil, dirt, insect track and dust from windshield, Clear driving view
 - ◆ Effectively prevent water marks and oil in rainy weather, thus improving driving safety.
- Pack Specification: 375mlX24pcs

Glass Oil & Dirt Remove Polish + Glass Anti-Water

L5510

L5511

- ◆ Contains catalyst, fluorine and silicone resin
 - ◆ Forms the hardening film after being painted onto the glass surface.
 - ◆ drive raindrops with strong water-driving effect
 - ◆ Keep clear view even in the rainy day. When driving in a speed over 40-60km/h, raindrops start moving.
 - ◆ It helps to clean up the glass dirt such as oil film and worm trail an also remove ice, frost and snow onto the glass simply.
- Pack Specification:100mlX24pcs

- ◆ Strongly clean oil slick and dirt on glass, restore brightness
 - ◆ waterproof surface coating for glass in front of a necessity
 - ◆ Convenient for late anti-water glass coating
- Pack Specification:180mlX24pcs

Anti Mist Spray

L1116

- ◆ Specially formulated to eliminate the mist on glass under bad weather or when ambient temperature differs greatly
 - ◆ Long-last anti-mist effect
 - ◆ Spray and wipe, easy to use
 - ◆ Clean and clear view ensures driving security.
- Pack Specification: 100mlX24pcs

Car Interior & Tyre Care

Car Interior & Tyre Care

latop 立德

Dashboard Wax Spray

L1106

- ◆Speedy clean and protect man-made leather, plastics and rubbers from harmful UV-rays, high temperature and ozone
- ◆Prevent panels, leather and tyre from fading, cracking, wrinkling and aging
- ◆Enhance and maintain the original gloss of the pain
- ◆Eliminate static and dirt retention.

Pack Specification:650/450/300mlX24pcs

Matt Dashboard Wax Spray

L1176

- ◆Speedy clean and protect man-made leather, plastics and rubbers from harmful UV-rays, high temperature and ozone
- ◆Prevent panels, leather and tyre from fading, cracking, wrinkling and aging
- ◆Enhance and maintain the original gloss of the pain
- ◆Eliminate static and dirt retention.

Pack Specification:450mlX24pcs

Multi-purpose Foam Cleaner

L1102

- ◆Containing strong decontamination gene and active foam.
- ◆Strong decontamination and deep-layer cleaning functions to eliminate any dirt absolutely
- ◆prevents dust from sticking to surfaces
- ◆Multi-purpose which widely use in Vehicle Interiors, household appliances, electrop-lates, office appliance, ceramics, paint woodwork, leather and so on.

Pack Specification:650mlX12pcs

Upholstery and Fabric Cleaner

L1148

- ◆Deep penetrating foam that cleans all velour and cloth upholstery, interior trim and floor mats.
- ◆Suitable for use on carpets in natural and synthetic fibers.

Pack Specification:650mlX12pcs

Furniture Polish

L2211

- ◆Prevent surface from fading, cracking, wrinkling and aging
- ◆Protects surfaces from harmful UV-rays and direct sunlight.
- ◆Used in fine furniture, plastic and marble -type, natural and synthetic store surfaces, and vehicle dashboards, as well as home electronics and general office equipment.

Pack Specification:300mlX24pcs

Leather Cleaner & conditioner

L1111

- ◆Effectively removes dirty stuff, degra-easing
- ◆Prevents dermis oxidation and aging under ultraviolet light
- ◆Restore leather toughness, maintain soft and gloss
- ◆Eliminate static and dirt retention.

Pack Specification:300mlX24pcs

Leather Cleaner & Conditioner

L1194

- ◆adopts green water base latex system, contain silicon high-polymer material and the safest high-efficient nonpoisonous antibiotic
- ◆Renews color and shine of vinyl, leather, rubber and plastic
- ◆Guards against dulling, fading and cracking.
- ◆used in leather, rubber, plastics, fireproofing board, worked wooden furniture's daily clean & care

Pack Specification:500mlX24pcs

Leather Protectant

L5512

- ◆unique polymer silicone formula penetrates surface to Renew color and shine of vinyl, leather, rubber and plastic
- ◆High performance silicone polymer formula guards against dulling, fading and cracking
- ◆Reduces static and electricity to help reduce dust and dirt attraction
- ◆Leaves no oily residue.
- ◆Long lasting with the new formula.

Pack Specification:118ml/300mlX24pcs

Tire Sealant

- ◆ It is made of organic polymer materials, which is natural and is of no corrosion to metals or rubber.
- ◆ Each bottle effectively stop leaking from puncture for 60 times.
- ◆ It is 100% applicable to breach within 6mm on tubeless rubber tires, in addition to breach within 2mm for tube tires.
- ◆ Good leveling to automatically seek-out the leakage in seconds.
- ◆ No volatile, non-flammable, anti-freezing.
- ◆ Long lasting effect.

Pack Specification: 500ml x12pcs

Non-Flammable Tire Sealer And Inflator

L1123

- ◆ Quickly seek out and effectively seal most normal punctures and slow leak.
- ◆ 100% applicable to breach punctures less than 6mm on tubeless rubber tires of cars, Motorcycles and electrical bicycles.
- ◆ Neither jack nor tire-undo is needed. One step procedure of tire bumping and repairing is finished in seconds.
- ◆ It can also be filled into new tires to prevent unexpected leakage.
- ◆ Non-toxic and odorless. No corrosion and no damage to the tires
- ◆ Effectively cooling the hot tire when running in high speed.
- ◆ It also has the function as a small fire extinguisher

Pack Specification: 650ml/550ml/450ml x12pcs

Tire Sealer And Inflator

L1123

- ◆ Designed to quickly seek out and effectively seal most normal punctures and slow leak.
- ◆ 100% applicable to breach punctures less than 6mm on tubeless rubber tires of cars, Motorcycles and electrical bicycles.
- ◆ Neither jack nor tire-undo is needed. One step procedure of tire bumping and repairing is finished in seconds.
- ◆ It can also be filled into new tires to prevent unexpected leakage.
- ◆ Non-toxic and odorless. No corrosion and no damage to the tires.
- ◆ Effectively cool the hot tire when running in high speed.

Pack Specification: 650ml/550ml/450ml x12pcs

Tire Foam Cleaner

L1113

- ◆ Remove smudges on tires efficiently and thoroughly
- ◆ Prevent tires from being harden, cracked and color faded out
- ◆ Return tires brightness and cleanness instantly
- ◆ long lasting and harmless to wheel accessories like tire rolls and tire covers

Pack Specification: 650ml X24pcs

Dry Solver Spot Remover

L2216

- ◆ highly efficient dissolves and removes oil-based stains on fabric easily and quickly.
- ◆ Environmentally-friendly in nature & causes, no pollution.

Pack Specification: 100ml X24pcs

Tire Gel

L1195

- ◆ Keep your tires stay black with rich and high gloss
- ◆ Less mess with no overspray, no drips
- ◆ Last several weeks even in heavy rainy days.

Pack Specification: 250ml X24pcs

Tire Pressure Table

L1185

- ◆ Used to test the tire pressure.
- ◆ Compact design, easy to carry and operate
- ◆ Good durability and accuracy.

Pack Specification: (55x265mm) X24pcs

Wheel Cleaner

L1188

- ◆ Remove the iron powder and rust.
- ◆ High-efficiency cleaning.
- ◆ No harm to car wheel.
- ◆ Forms a protective film on the wheel surface after use.
- ◆ Effectively keep wheel away from erosion.

Pack Specification: 500ml X12pcs

Brake Cleaner

L1105

- ◆ Safely, easily and quickly remove the asbestos, metal powers and lipids from the brake systems, which resumes the capability of the brakes.
- ◆ It also can be used for floppy disks, CDs, and other metal parts.

Pack Specification: 450ml X12pcs

De-rust And Lubricant

De-Rust Lubricant Spray

L1108

- ◆ Widely used in places where might get rust like automobiles, ships, households, factories and electric rooms.
- ◆ Infiltrate the areas of rust in a short time and to slacken rust.
- ◆ Wipe out the noise caused by rubbing between spare parts or movable fittings;
- ◆ Clean, lubricate and protect all kinds of machines
- ◆ Remove humidity and prevent rusting

Pack Specification: 450ml X12pcs

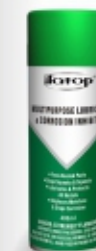

Rubber Plastic Protectant

- ◆ Protector and lubricant for preventing plastic and rubber parts from crack under sunshine, acid and alkali condition.
- ◆ Protects harms from moisture.
- ◆ Its unique, anti-static formula utilizes a special polishing agent that leaves an invisible shield on their surfaces.

Pack Specification: 90ml X24pcs

Multi-purpose Lubricant & Corrosion Inhibitor

L3315

- ◆ Versatile petroleum based compound forms a clear thin film to lubricate and protect against wear and corrosion.
- ◆ Multi-purpose product lubricates, protects, displaces moisture, and cleans.

Pack Specification: 450ml X12pcs

Ld-80 Penetrant Lubricant

L3312

- ◆ Widely used in places where might get rust like automobiles, ships, households, factories and electric rooms.
- ◆ Infiltrate the areas of rust in a short time and to slacken rust
- ◆ Wipe out the noise caused by rubbing between spare parts or movable fittings;
- ◆ Clean, lubricate and protect all kinds of machines
- ◆ Remove humidity and prevent rusting

Pack Specification: 100ml X24pcs

Dry Graphite Lubricant

L3318

- ◆ Forms a clear thin film to lubricate and protect against wear and corrosion.
- ◆ Terrify electrical conductivity
- ◆ Resists dirt, dust and oil build-up, reduce friction.
- ◆ Wide effective temperature range up to 850° F constant.
- ◆ Used in usualness high temperature equipment

Pack Specification: 450ml X12pcs

Silicone Lubricant

L3316

- ◆ Superior lubrication and temperature viscosity characteristics
- ◆ Reduces friction and galling even on metal-to-metal contact areas.
- ◆ Use on all metallic and non-metallic surfaces.

Pack Specification: 100ml X24pcs

Engine And Fuel System Care

Engine And Fuel System Care

latop

Carburetor Cleaner

L1104

- ◆ Effectively remove greasy dirt, gum, and carbon deposits on PVC valve, ERG valve, choke and other parts.
 - ◆ Easily flush off the charcoal residue on carburetor with its spray tube.
 - ◆ Enhance combustion efficiency, help to save oil and decrease the gas pollution.
- Pack Specification: 450ml X 12pcs

Fuel Injector Cleaner

L1103

- ◆ Effectively remove residue gums and choke
 - ◆ Improve spray performance, reduce fuel oil consumption
 - ◆ Improve fuel efficiency, reduce greenhouse discharge
 - ◆ Regain original horsepower, enhance throttle response
- Pack Specification: 450ml X 12pcs

Starting Fluid

L1107

- ◆ Help to start the engine quickly and stably under atrocious weather (above -40°C and moisture weather)
 - ◆ Easy use, quick starting, harmless to the engine
 - ◆ No detonation and less consumption to automobile batteries and ignition switch.
- Pack Specification: 450ml X 12pcs

Engine Flushing Oil

L1166

- ◆ Effectively remove harmful engine lubricating system sludge, coke, gum and other deposits
 - ◆ Clean engine valve lifter and rocker, to reduce friction
 - ◆ Enhance the sealing performance, reduce fuel consumption and restore the flexibility of piston rings, so that the old oil discharge more completely, reducing the pollution of the new oil to extend engine life.
 - ◆ For gasoline and diesel engines.
- Pack Specification: 4L X 12pcs

Fuel System Treatment

L1156

- ◆ Enhancing the fuel efficiency of the gasoline-used vehicles.
 - ◆ Regularly Using helps cleaning the fuel system of the vehicle effectively and keep it in good conditions
 - ◆ Ensure normal atomization of fuel, enhance power, avoid starting failure, knocking, gasping and trembling, flame outting, poor acceleration, unstable idle speed, disability of engine and other problems.
- Pack Specification: 325ml X 24pcs

Induction System Cleaner

L1159

- ◆ Clean the built-up carbon in fuel spray nozzle, air intake valve and combustion chamber of the engine, restoring energy.
 - ◆ Avoiding engine slow-moving, gasping, gasping and trembling, unstable idle speed, poor acceleration and so on.
 - ◆ Lubricating and improving the functions of the fuel system, prevent rusting and eroding.
- Pack Specification: 325ml X 24pcs

Foamy Engine Cleaner

L1110

- ◆ Possess strong penetration and emulsifying power, which be able to remove the grease, smudges and dirt on the surfaces of motors
 - ◆ Returns new appearance and facilitate dissipation of heat
 - ◆ Harmless to rubber, plastic parts and paintings of motors
- Pack Specification: 650ml X 24pcs

Engine Degreaser

L1176

- ◆ Possess strong penetration and emulsifying power, which be able to remove build-up grease, smudges and dirt on the surfaces of motors
 - ◆ Returns new appearance and facilitate dissipation of heat
 - ◆ Harmless to rubber, plastic parts and painting surface. Suitable for cars, trucks, vans, tractors and all other types of vehicle
- Pack Specification: 500ml X 12pcs

Engine Circuit Protector

L1168

- ◆ Used in engine circuit, all engine parts and surface.
 - ◆ Anti-aging, against chapping, anti-moisture and antioxidant.
 - ◆ Provides incomparable protection for engine and circuit.
- Pack Specification: 300ml X 24pcs

Fuel Additive

L1190

- ◆ Slow speed of carbon granulating, reduce and prevent the formation of colloid and carbon
 - ◆ avoid rust and corrosion
 - ◆ Make sure engine long running smoothly powerful, prolong lifetime of the fuel system components
 - ◆ Reduce emissions
 - ◆ Prolong the life of three-way catalytic converter.
- Pack Specification:55g*96pcs

Catalytic Converter Cleaner

L1160

- ◆ Powerful water-based cleaning agent, compose of special surfactant, penetrating agent and additives
 - ◆ Excellent Penetration, emulsification, dispersion, stripping function.
 - ◆ Dedicated to automotive catalytic in carbon, sulfide, and phosphide cleaning.
 - ◆ Three reminders can be completely removed of the sulfide, phosphide and coke, will not cause TWC in the carrier and platinum, rhodium, palladium and other precious metals damage
 - ◆ without disassembling the operational, all the ingredients of the product safety of non-toxic, will not man-made operator into the injury.
- Pack Specification:55g*96pcs

Engine Flush

L1144

- ◆ It is formulated with fine oil and special agents to automatically rinse/wash the colloid, carbon residues, greasy sludge, reduce friction
 - ◆ Restore the elasticity of sealing rubber, and reduce oil consumption.
- Pack Specification:450mlX12pcs

Cooling System Protector

L1129

- ◆ High performance, environmental friendly coolant containing no BNAPS.
 - ◆ Specially designed to prevent the burning, cracks and corrosion of the car cooling system.
 - ◆ Provides excellent lubrication for the pump, sealing parts and thermostat
 - ◆ special protection for the car engine made of aluminum alloy or operated at high temperature.
- Pack Specification:2LX12pcs

Anti-Freeze Fluid

L1169

- ◆ Protect water tank cooling from freezing at low temperature, or boiling at high temperature
 - ◆ Anti-freezing, anti-boiling, anti-rust and anti-scaling
 - ◆ Protect tank and engine.
- Pack Specification:1LX12pcs

Cooling System Radiator Flush

L1126

- ◆ Produced with advanced technology and imported raw materials.
 - ◆ Completely clean up the scum and rust in cooling system with no harm to the parts.
 - ◆ Refresh cooling system and prevent it from boiling and overheating.
- Pack Specification:325mlX24pcs

Cooling System Rust Protector

L1128

- ◆ Especially effective to prevent tank from erosion.
 - ◆ Can be mixed with any kind of cooling water or anti-freeze fluid
 - ◆ Protect cooling system parts from scum, rust and erosion
 - ◆ Helps cooling system to keep clean and quite,
 - ◆ Avoid engine from overheated, boiling or leaking
- Pack Specification:325mlX24pcs

Cooling System Leak Stopper

L1127

- ◆ It is formulated with American natural vegetable fiber, hardener, anti-rust agents and anti-foam agents.
 - ◆ Promptly stop the leakage in cooling system.
 - ◆ The natural fiber will not clog the channels of radiator, completely cleanup the scum and rust in the cooling system with no harm to other parts.
- Pack Specification:325mlX24pcs

Wax Towels

L1002

- ◆ Superfine fiber, soft hand feel, leave no trace
 - ◆ Especially suitable for waxing car and wiping glass, metal PVC products, plastic and leather.
- Product Size:30x30cm/30x70cm

Car Wash Towel

L1002

- ◆ Absorb water strongly, can effectively remove the stain or dust
 - ◆ It has long service life .
- Product Size:30x70cm

Car Towel

L1002

- ◆ Superfine fiber, soft hand feel, super powerful water-absorbent
 - ◆ Effectively wipe off dirt.
 - ◆ Could be use to car body, glass, metal PVC products, plastic, leather and so on
- Product Size:160x60cm

Car Wash Gloves

L1005

- ◆ It has good foaming ability, can clean the stain effectively
 - ◆ Super soft , no harm to car surface.
- Product Size:24x18x5cm

Car edge & corner Cleaning Sponge

L1001

- ◆ Convenient for cleaning residual wax on the edge & corner part of car
 - ◆ Could be use to car body, glass, metal PVC products, plastic, leather and so on
- Product Size:10x3.6x6.5cm

Car Wash Sponge

L1004

- ◆ Super soft and absorb water strongly
 - ◆ special small holes design on surface which helps to absorb the small sands
 - ◆ Easy to be gripped and durable.
- Product Size:21x12.5x7cm/23x11.5x5.5cm

Waxing Sponge

L1003

- ◆ High density Sponge with Super tiny hole which wax uniformly
 - ◆ Edge pressing design for avoiding deformation and fracture which makes it durable.
 - ◆ No harm to car surface or leave any scraps.
- Product Size:φ12x3cm

Car Bucket

L1006

- ◆ Portable and flexible design for convenient to carry.
 - ◆ It is made of oxford cloth.
- Product Size:φ25.5x28cm

Industry Care

Industry Care

Primer Spray Paint

S4410

- ◆ This product is made of thermoplastic acrylic resin under the advanced petroleum manufacturing techniques.
 - ◆ Easy to use and gives an even and fine spraying surface.
 - ◆ The product possesses multiple strengths including weather resistant, hard, soft & durable, abrasion resistant, of strong adhesion and provides a long-lasting colorings.
- Pack Specification: 450ml X 12pcs

Spray Paint

L1138

- ◆ Thermo plastic acrylic aerosol spray paint and it has the characteristic of easy performance, good atomization, and high spray rate.
- ◆ Short dry time and the film finish has excellent hardness, adhesion, gloss and flexibility, impact resistance, colorful surface and good decorative effect, wonderful protect ability.
- ◆ It can be widely used for metals, wood with finished surfaces, glass, ABS and other surfaces.

Red Insulation Spray Paint

S4407

- ◆ Excellent adhesion to metals, windings, coils, air dries faster than most insulating material.
 - ◆ Protects surface against oil, moisture, acid and alkalis, perfect for small field and magnet coils, penetrates oil and new winding has excellent flexibility and water resistance.
 - ◆ Dielectric strength is up to 2.100 volts per mile.
- Pack Specification: 450ml X 12pcs

Metallic Aerosol Paint

S4412

- ◆ Super metallic aerosol paint provides films with clear metallic effect through the addition of metal power.
- ◆ Easily applied for metals, wood, ABS with finished surfaces and glass with fast drying.

Pack Specification: 450ml X 12pcs

Heat-resistant Aerosol Paint

S4405

- ◆ Heat-resistant aerosol paint is specially formulated to add bright and glowing color to surfaces easily.
 - ◆ Widely used on metal, glass and hard plastic with strong cohesion.
 - ◆ Keeps gleaming luster under high temperature (normally 200°C).
 - ◆ The silver color paint keeps good efficiency under 300°C
- Pack Specification: 450ml X 12pcs

Fluorescent Aerosol Paint

S4403

- ◆ This product is daylight fluorescent aerosol paint.
 - ◆ It is easy to use and gives an even and fine spraying surface.
 - ◆ Possesses excellent characters of delivery rate high, fast drying, adhesion, hardness, soft & durable and provides a good protect to base materials.
 - ◆ Widely used in decoration of metals, surface treated wood, glass, ABS plastic and many other kinds of base materials.
- Pack Specification: 450ml X 12pcs

Paint Remover

S4411

- ◆ Paint remover is consist of varieties of organic solvents, thickeners and additives
 - ◆ Simple operation, high paint removing efficiency, no corrosive to metals.
 - ◆ suitable for removing: oil based paints, such as self-dying alkyd paint, nitric paint, acrylic paint and a few epoxy and cold curing bi-component paints.
- Pack Specification: 450ml X 12pcs

Chrome Silver Paint

S4402

- ◆ The product can quickly get dry and form a metal mirror with extreme strong decoration effect. -Effectively resist UV radiation, increase the anti-aging performance, and prevent the metal surface from rusting
 - ◆ Not suitable to be used in parts where frequents friction and collision occur, with fine covering power, the product needs no matching primer.
- Pack Specification: 450ml X 12pcs

Adhesive Spray

L1135

- ◆ Super viscosity, easy to use, widely applied in indoor decoration, computerized embroidery (such as children dress, underwear, nylon or other cloth that is hard to paste).
 - ◆ It is suitable for paper sheet, leaflet, cloth paperboard, softwood, foam adhesive, glass fiber and polystyrene, etc.
- Pack Specification: 500mlX12pcs

Zinc Cold Galvanizing Spray

S4413

- ◆ This product is highly active anti-corrosion spray paint with excellent decorative function.
 - ◆ Its gloss appearance same as ordinary zinc galvanizing technique while anti corrosion performance far more than ordinary silver powder paint.
 - ◆ The paint is of new anti-corrosion decorative material providing strong adhesion, weather resistance, and easy application.
- Pack Specification: 450mlX12pcs

Freeze Spray

L3313

- ◆ Instantly freezes surfaces to -51°C, dissipating heat and cooling equipment
 - ◆ Assists in locating thermal intermittent components, failures and shorts
 - ◆ Safe to use on sensitive components and all surface finishes
 - ◆ Comes with an extension tube for precise application of the product
- Pack Specification: 450mlX12pcs

Rubberized Undercoat Spray

L1118

- ◆ Provides one coat build up without dripping, running or sagging.
 - ◆ Used by professional bodymen.
- Pack Specification: 450mlX12pcs

Mould Release Agent

L3301

- ◆ Applicable for varieties of mould release for plastic injection, metal pressing and rubber industries
 - ◆ Protect metal products and mechanical equipment
 - ◆ For lubricant agent for textile industries.
- Pack Specification: 500mlX12pcs

Mould Cleaner

L3302

- ◆ Remove grease quickly, oily stain, toner and other stubborn dirt, especially for removing rust preventive film and dirt on moulds.
 - ◆ Compounded with high quality solvent and surfactant.
 - ◆ Innoxious, non-corrosive and harmless to human body.
 - ◆ Good volatility without residue.
- Pack Specification: 500mlX12pcs

Air Duster

L3307

- ◆ Removes dirt and dust from any surface without damaging sensitive components or surface finish.
 - ◆ Penetrates into cracks and crevices to remove contaminants that normal hand dusting cannot reach.
 - ◆ Delivers a powerful blast of product to remove embedded debris
 - ◆ The extension tube can be used for more precise delivery.
- Pack Specification: 250mlX24pcs

Electrical Contact Cleaner

L1130

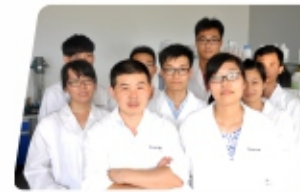

- ◆ Removes corrosion quickly and economically.
 - ◆ Evaporates quickly, leaves no residue, has no flash or fire point
 - ◆ Contains no Class I or Class II Ozone Depleting Chemicals.
- Pack Specification: 450mlX12pcs

Battery Terminal Cleaner

L3312

- ◆ Water-soluble formula removes corrosion quickly and economically.
 - ◆ Neutralizes acid spills.
 - ◆ Restores battery output and reduces voltage leakage due to contaminants.
 - ◆ Assures maximum battery current flow and promotes longer battery life.
- Pack Specification: 450mlX12pcs
