

Verification of Compliance

No. EC.1282.0H130906.OFE2328

Certificate's Holder: Oke Fire Equipment Co., Limited
309, No. 110 Moganshan Road, Hangzhou, 310005
China.

Product: Emergency Hammer
Model(s): OK10-001, OK10-001-Y, OK10-002, OK10-003,
OK10-004, OK10-005, OK10-006, OK10-007-Y,
OK10-008, OK10-008-Y, OK10-009, OK10-010

Directives: 2001/95/EC General Product Safety

Standards: ISO 11148-4:2012, ISO 15601:2000

Remark: This Verification of Compliance has been issued on a voluntary basis. ECM confirms that a Technical Construction File (TCF) is existent for the above listed product(s). The TCF satisfactorily covers the essential requirements of the above listed Directive(s). Other relevant Directives have to be observed in case they are applicable. This Document is only valid for the equipment and configuration described and in conjunction with the TCF detailed above. Whereas the Manufacturer is responsible of the certification of the product(s) and not exempted to perform all the necessary activities before placing the product(s) on the market. The Manufacturer is also responsible of the internal production control to ensure the product(s) are in compliance with the essential requirements of the above mentioned Directive(s). This certificate can be checked for validity at www.entocerma.org

Date of issue SEPTEMBER 2013

Expiry date SEPTEMBER 2018

Certification Chief Manager
Tim Mahan

Certification Deputy Manager

Model : OK10-001

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

- 1.Double-head with hardened steel points shatters vehicle windows in an emergency
- 2.Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
- 3.Razor-sharp blade to cut through a seat belt and free trapped passenger
- 4.Main Material:Head with 45# steel with zinc-plating; hammer with ABS plastic,bracket with PP plastic
- 5.Product size:19.2×7.3×3.4cm, Weight:145g
- 6.Packing:100pcs/carton,Carton Size: 66×20×34cm

Model : OK10-001-Y

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

- 1.Double- head with hardened steel points shatters vehicle windows in an emergency
- 2.Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
- 3.Razor-sharp blade to cut through a seat belt and free trapped passenger
- 4.Main Material:Head with 45# steel with zinc-plating;hammer with ABS plastic ,bracket with PP plastic
- 5.Hammer block is made of a luminous material, which glows in dark
- 6.Product size:19.2×7.3×3.4cm, Weight:145g
- 7.Packing:100pcs/carton,Carton Size: 66×20×34cm

Model: OK10-002

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

- 1.Compact, lightweight , powerful.
- 2.Seat belt cutter,Car window breaker,Whistle.
- 3.Material:ABS plastic and metal
- 4.Push the item on the glass, it will jump out of a piece of steel, very powerful magic firing pin, then instant bump breaks glass.
- 5.The safety blade can be used to cut seat belt in case of emergency.
- 6.Product size:75×35×15mm, Weight:20g

Model: OK10-004

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

- 1.One head with tungsten steel point shatters vehicle windows in an emergency
- 2.Another head with hardened steel knock at hard object.
- 3.Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
- 4.Razor-sharp blade to cut through a seat belt and free trapped passenger
- 5.Main Material:Head with 45# steel with chrome-plating;hammer with ABS plastic,bracket with PP plastic
- 6.Product Size:23.5*8.7*3.8cm , Weight:210g
- 7.Colour optional:Black and red avialbe

Model : OK10-005

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

1. One head with hardened steel point shatters vehicle windows in an emergency
2. Another head with hardened steel knock at hard object.
3. Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
4. Razor-sharp blade to cut through a seat belt and free trapped passenger
5. Main Material: Head with 45# forged steel with chrome-plating; hammer with ABS plastic, bracket with PP plastic
6. Product size: 13.7×8.8×3.2cm, Weight: 158g
7. Packing: 100pcs/carton, carton size: 45×36×17cm

Model : OK10-006

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

1. One head with tungsten steel point shatters vehicle windows in an emergency
2. Another head with hardened steel knock at hard object.
3. Razor-sharp blade to cut through a seat belt and free trapped passenger
4. Main Material: Point made of Tungsten Steel, head covered with carbon steel; hammer with alloy steel
5. Product size: 75MM×23MM×170MM, Weight: 320g
6. Colour: Silver

Model: OK10-008

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

1. Double-head with hardened steel points shatters vehicle windows in an emergency
2. Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
3. Razor-sharp blade to cut through a seat belt and free trapped passenger
4. Main Material: Head with 45# forged steel with chrome-plating; hammer and bracket with PP plastic
5. Product size: 19×9.4×3.5cm, Weight: 140g
6. Packing: 100pcs/carton, carton size: 65×20×34cm

Model: OK10-008-Y

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

1. Double-head with hardened steel points shatters vehicle windows in an emergency
2. Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach

5. Hammer block is made of a luminous material, which glows in dark
6. Product size: 19×9.4×3.5cm, Weight: 140g
7. Packing: 100pcs/carton, carton size: 65×20×34cm

Model : OK10-007-Y

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

- 1.Single-head with hardened steel point shatters vehicle windows in an emergency
- 2.Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
- 3.Main Material:Head with 45# forged steel with chrome-plating;hammer and bracket with PP plastic
4. Hammer block is made of a luminous material, which glows in dark
- 5.Product size:16×7.0×3.4cm, Weight:130g
- 6.Packing:100pcs/carton, carton size: 59×19×30cm

Model : OK10-009

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

- 1.Single-head with hardened steel point shatters vehicle windows in an emergency
- 2.Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
- 3.Razor-sharp blade to cut through a seat belt and free trapped passenger
- 4.Main Material:Head with 45# forged steel with chrome-plating;hammer ABS and bracket PP
- 5.Product size:21.5×9.2×3.2cm, Weight:185g
- 6.Packing:100pcs/carton, carton size:44×38×30cm

Model: OK10-009A

Product Description:

Emergency Hammer is used to shatter side windows after a dangerous accident. It is a perfect escape tool no vehicle or rescue personnel should be without. Emergency Hammer with CE certificate

Technique parameter:

1. Single-head with hardened steel point shatters vehicle windows in an emergency
2. Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
3. Main Material: Head with 45# steel with chrome-plating; hammer with ABS or PP plastic, bracket with PP plastic
4. Product size: 17.5×9.2×3.2cm, Weight: 170g
5. Packing: 100pcs/carton, carton size: 44×38×30cm

Model: OK10-009B

Product Description:

Emergency Hammer is used to shatter side windows after a dangerous accident. It is a perfect escape tool no vehicle or rescue personnel should be without. Emergency Hammer with CE certificate

Technique parameter:

1. The hammer with an anti-theft chain.
2. Single-head with hardened steel point shatters vehicle windows in an emergency
3. Includes bracket to hold emergency hammer in place and to mount on vehicle console within reach
4. Main Material: Head with 45# steel with chrome-plating; hammer ABS plastic, bracket with nylon
5. Product size: 20×10×4.5cm, Weight: 300g
6. Packing: 60pcs/carton, carton size: 44×38×30cm

Model : OK10-010

Product Description:

Emergency Hammer is used to shatter side windows and cut through safety belts after a dangerous accident.

It is a perfect escape tool no vehicle or rescue personnel should be without.

Emergency Hammer with CE certificate

Technique parameter:

- 1.Single-side head with hardended steel points shatters vehicle windows in an emergency
- 2.Razor-sharp blade to cut through a seat belt and free trapped passenger
- 3.High bright flashlight
- 4.9pcs red LED light,two single"AAA"bateries
- 5.Magentic base place on roof or trunk when beacon in use
- 6.Material:head with 45# steel with chrome-plating,hammer with ABS plastic
- 7.Product size:19.2*6.6*4.2CM , Weight:120g
- 8.Packing:100pcs/carton, carton size: 52×52×27cm
