COMPANY PROFILE

Liaocheng Solistar Art & Crafts Co., Ltd

Who We Are

I am Kevin, the owner of Solistar Crafts. The initial of establishing this company is out of pursue of quality and aesthetics. All staff and I have been working hard to create a reliable brand in which customers can trust. We believe in our brand and products, and know you will love them too. In past decade, failed, stumbled, and thrilled for success. All that shape our company culture that is "Remain true to our original aspiration and keep our mission firmly in mind."

What We Do

Having rich experience in laser-cut machine, we know how to tame it to produce beautiful crafts. Our main strength lies in custom laser cut products, especially plywood, MDF, bamboo, acrylic, PVC and felt.

Products can be same, but something behind the products are never same. The company, the service, the communication, and the pursuit of quality and value.
