TOILET SERIES

TIMELESS DESIGN

Try every means to perform evolution and display definiteness, feel happy life while you are enjoying what you have.

Pure efficiency for toilets and urinals.

Innovative flushing technology

Pate Wall-hung toilet Rimless features impressive performance, efficiency and hygiene -now. The open design of the toiletrim enables a new type of flushing action: resulting in a dynamic and powerful flow of water that rinses the entire inner surface of the bowl. This ensures perfect and hygienic flushing results, even with small volumes of water.

Environmentally-friendly sustainable

Thanks to the open, easily accessible rim area, the bowl is particularly easy to keep clean, and this reduces cleaning times and the use of cleaning materials considerably.
