BOOSHIWHEEL 博施伟尔

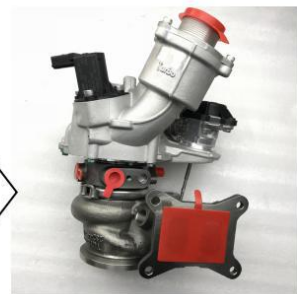

**Our business is comprehensive, integrating industry and trade. Our turbocharger is complete and varied for different engines and brands. Our company has introduced advanced assembly lines from Japan, production lines, high-speed balancing and advanced detection equipment and produced a series of new items which can pass the test of the market.**

**We are specialized in manufacturing turbochargers used for various vehicles, including car, pickup truck, light truck, SUV and mechanical engineering. Our assembly plant is located in Wuxi and is responsible for the development and testing of new products. The foundry and processing plant is located in Dengzhou..In order to customers convenience to pickup product,we built stocks in Guangzhou city and Shanghai city,welcome to experience for yourselves.**

A perfect turbine shaft finish!

a high quality turbine off the assembly line

4-5 new products will be released every month.

The turbocharger is continuously updated.

If you need more information,  
please contact us,  
thank you!

We look forward to your cooperation!

The latest technology,  
The mold is manufactured using  
3D printing technology.

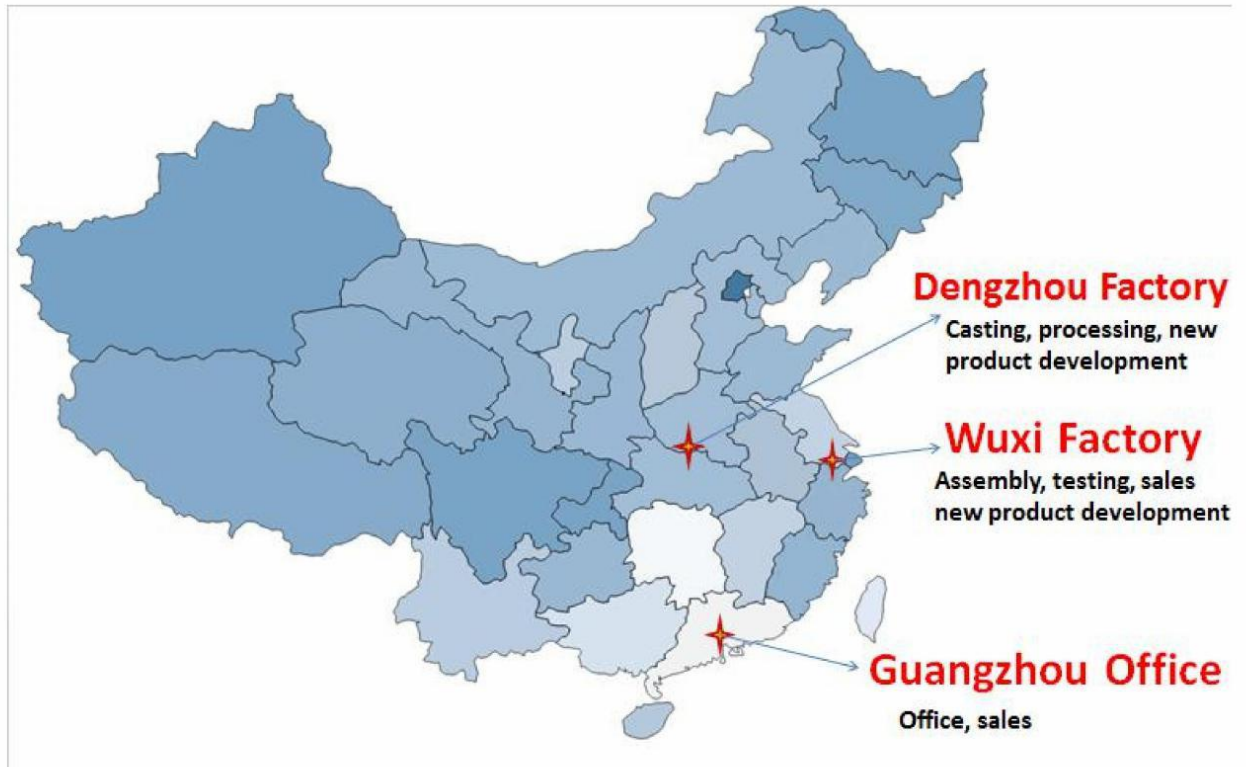

The fastest sample can be  
guaranteed.

Booshiwheel is determined to be the fastest and best supplier of high-end turbine casings in the world.
