**COMPANY** from 1952...

Our company Donggang Weiyuan Fuel Injection Equipment Co., Ltd. is one of the most famous manufacturers of fuel injection equipment spare parts in China. The main products are auto plungers, nozzles, delivery valves, pencil nozzles, common rail parts, hydraulic heads of VE distributor pumps and other related products for imported automobiles, construction machinery and marine engines. Now we are devoting to developing a leading enterprise of fuel injection system in China.

### **PRODUCTIONS STRUCTURE**

Auto diesel engine fuel system plunger barrel, nozzle and delivery valve, which, including about 2000 kinds of model number. It mainly suit for diesel engine for EURO II Emission Standard.

High pressure fuel injector control Assembly. It called common rail spare parts too. The spare parts are mainly suit for diesel engine for EURO III Emission Standard.

Spare parts for marine diesel engines. Besides auto diesel engine parts, we also produce plunger, nozzle and delivery valve for marine diesel engines.
