COMPANY PROFILE

Xihong Group was established in 2000 in Jinzhoujiang Economic Development Zone in Lianjiang City, Guangdong Province, where is well-known for electric rice cooker in China. We have become a large kitchen appliance corporation of scientific research, manufacture and sales, that was under building the brand for new concept of human kitchen appliance and high quality.

The total construction area is 60,000 square meters in the first phase. The plant design and production layout were built according to the standards of electric appliance. The factory is equipped with advanced equipments, complete inspecting devices, international advance inspecting system, also with automatic production lines for electric rice cooker, inner cooker pot, aluminum inner pot, outer shell and master box and etc.. We are the leader in this industry in Zhanjiang City (Lianjiang City belongs to Zhanjiang City). The modern production equipments can supply more guarantee for the quality of spare parts and products.

Xihong Group have created the electric appliance that is much safer, more comfortable and more efficient. We own over 60% professional and technical staffs among our team. There are 40 Senior Executives, 15 Senior Engineers, 20 Engineers, 40 Assistants and Technicians. We also have more than 60 professional administrators and sales. High quality management team is the base for steady growth, transformation and initiative, and creating the top-ranking enterprise.

We have archived ISO 9001:2000 quality certification and have been awarded the title of a Chinese "National Quality Reliable Example Enterprise", as well as of Guangdong Province "High-tech ENTERPRISE". We products have gained many other international certifications, such as CE, CB, EMC, LFGB, LVD, REACH and ROHS and etc..

We insist that the best quality and service are the life of enterprise and we believe that both of us are the winner if you choose us.

- Strong double layer body
- Concealed heating element
- Boil dry protection
- Detachable power base
- On/off switch with light indicator

MODEL	POWER	VOLUME
XH-XDL2470	1350W	1.0L

- Fashionable design
- Cord storage
- Strong double layer body
- Concealed heating element
- Boil dry protection
- Detachable power base
- On/off switch with light indicator

CE CB CCC RoHS
EMC LFGB REACH LVD

MODEL	POWER	VOLUME
XH-JLCS01	1500W	1.8L

- Fashionable design
- Cord storage
- Strong double layer body
- Concealed heating element
- Boil dry protection
- Detachable power base
- On/off switch with light indicator

MODEL	POWER	VOLUME
XH-06CW	1200W	1.5L
	1500W	1.8L

- Fashionable design
- Cord storage
- Strong double layer body
- Concealed heating element
- Boil dry protection
- Detachable power base
- On/off switch with light indicator

ELECTRIC KETTLE

MODEL	POWER	VOLUME
XH-JLLDT19	1500W	1.8L

- Fashionable design • Cord storage
- Strong double layer body
- Concealed heating element
- Boil dry protection • Detachable power base
- On/off switch with light indicator

Power light

High-capacity designed

All-steel made

Food grade stainless steel

MODEL	POWER	VOLUME
XH-XDLBW14	1500W	1.8L

- Fashionable design • Cord storage
- Strong double layer body
- Concealed heating element
- Boil dry protection • Detachable power base
- On/off switch with light indicator

MODEL	POWER	VOLUME
XH-WMBW13	1500W	1.8L

- Fashionable design • Cord storage
- Strong double layer body
- Concealed heating element
- Boil dry protection • Detachable power base
- On/off switch with light indicator
