JAPAN DRYWELL CO., LTD

WHO IS DRYWELL?

INSISTING ON DESIGN INNOVATION

Founded by Chamberlain in 2014 from Japan, DRYWELL is a sex toys brand under Japan Drywell Co., Ltd which integrates research and development, design, production and sales. DRYWELL means "the well is dry, we want to fill out the well with understanding and knowledge", which represents that the brand insists on redefining the meaning of intimacy and changing obsolete understanding of users, and the products are designed with high aesthetic, creative design and practical value.

6 years of growth has enabled DRYWELL to become a leading enterprise in China's sex wellness industry, and has always adhered to the design philosophy of design innovation and practical aesthetic, focusing on the new technology and environmentally friendly materials, while integrating fashion elements into product.

TECHNICAL AND QUALITY STRENGTH

In addition to innovation ability, DRYWELL also focuses on technical and quality strength, seeking excellent technical partners in various fields and jointly developing more competitive products. In 2018, DRYWELL Laboratory was established with 8 professional R&D engineers providing technical support. For each and every product of DRYWELL, it will go through the quality inspection before being delivered to the market, so as to ensure that the product can maintain excellent performance in various use environments. At the same time, in order to ensure the smooth sale of products to all parts of the world, we conducted the localization certification for different products in various countries with a view to ensure that the quality of products can pass the tests in all countries in the world.

WHO IS DRYWELL?

ENRICH PEOPLE'S LIFE WITH NEW CONCEPT PRODUCTS

At the beginning when DRYWELL was founded, most products were sex toys. However, with the gradual expansion of the market and the iterative updating of products, the original simple products are difficult to meet the needs of the vast number of users, and timely transformation is imminent.

In 2020, DRYWELL entered into the Era 2.0 and began to lay out new product lines, so as to open a diversified development model. At present, DRYWELL has established 7 complete product lines.

With one DRYWELL as the center, it is also developing and producing multiple categories of products such as Sex Toys, Condoms, Pet Accessories, Hygiene Products, Car Accessories so as to continuously meet customers' demand.

10000+ DISTRIBUTORS AND DEALERS

With the continuously expanding of sales channels, DRYWELL becomes the top 1 sex toys brand in China.

DRYWELL brand flagship store is consistently the No.1 in JD mall since 2017, the sales revenue more than Durex, Jissbon, Okamoto and other brands. The wide range marketing and sales channel covers JD mall, Tmall, Taobao, physical sex stores, chain markets, hotels, and pharmacy & drug store etc. Until the 2020, the cooperative partners over 10000+ and the turnover more than 100 millions USD.
